

## Hunting: Seasons and Trip Planning

### Regulations

Make your hunting trip safe, enjoyable, and lawful by familiarizing yourself with applicable National Park Service and California State regulations and San Bernardino County ordinances. A current copy of California Hunting Regulations is indispensable, and is available from the California Fish and Game Commission (916-653-4899).

#### Permit & License

All California Hunting Regulations apply within Mojave National Preserve. A California State hunting license is required. In addition, a permit is required for deer, bobcat, and bighorn sheep hunting; an Upland Bird Stamp for hunting quail or chukar (red-legged partridge); and a Migratory Bird Stamp for hunting mourning dove. Please be prepared to present your hunting license and tags if requested by a park ranger or state game warden.

### Firearm Use

The discharge of firearms is allowed only while legally hunting. “Plinking” and target shooting are not permitted. No shooting is permitted with 1/4 mile of any campground, dwelling, hiking trail, visitor center, or other public gathering areas. All firearms transported with the Preserve must be unloaded, cased, and broken down, except during lawful hunting activities. Firearms must comply with California Hunting Regulations for the species hunted.

### Hunting Reminders

Within the Preserve, spotlighting for game or non-game animals is illegal. Hunting at water sources is limited to a 30 minute time period every hour. Special hunting regulations are in effect at Providence Mountains State Recreation Area (760-928-2586).

### Access

#### No Shooting Areas

San Bernardino County ordinance had designated the following locations as Safe Areas: Fort Piute, Mid Hills Campground; Hole-in-the-Wall Campground, Group Campground, Fire Center and Information Center; and Granite Mountain Research Center. These areas are closed to hunting and the discharge of all weapons.

#### Wilderness

Motorvehicles, motorized equipment, or mechanized transport (cars, trucks, ATVs, dirt bikes, bicycles) are not

allowed in designated wilderness areas. All wilderness areas remain open to hunting, but access is by foot, horse, or pack animal only.

#### Private Lands & Property

Private property inholdings are found throughout the Preserve. Please respect the rights of our neighbors. It is your responsibility to receive permission from the landowner before hunting on private property and to know property locations; it is advisable to obtain written permission.

### Camping

#### Campgrounds

Camping fees at Mid Hills and Hole-in-the-Wall Campgrounds are \$12 per night. The Hole-in-the-Wall

Equestrian and Group Campground is available by reservation only; please call (760)252-6104. Maximum stay is two weeks per campsite and 30 days per year camping anywhere in the

Preserve.

**Roadside Camping & Backpacking**

Previously impacted roadside campsites may be used without permit. Backcountry walk-in camping is also allowed without a permit. Camping is not allowed within 200 yards of a water source or well, or at designated trailheads.

**Campfires**

Check with a ranger for any fire restrictions upon arrival. Because wood is scarce in the desert, collecting

or cutting wood is not allowed. Fire rings are provided in campgrounds. If you are backpacking or roadside camping, consider using a campstove rather than building a fire to minimize your impact. Fires in existing fire rings or "fire pans" are permitted outside the developed campgrounds. A fire pan is a metal container such as a garbage can lid. Pan fires make it easier to properly and safely dispose of ashes and colas later, leaving the site less disturbed.

<b>Dogs</b>	Dogs are permitted and may be used during hunting activities. If not being used for hunting, dogs must be on a leash, not to exceed six feet, at all times.	Temperatures in the area range from below freezing to over 110 degrees; do not leave your pet unattended or inside a vehicle.
-------------	---	---

<b>Radio Collars</b>	Some mule deer bucks in Mojave National Preserve have been fitted with VHF high-frequency radio collars. These deer may be legally hunted in accordance with California Department of Fish & Game (CDFG) regulations as part of a valid deer tag for Zone D-17. If ever a radio-collared buck is harvested, please return the equipment to the nearest visitor center or ranger	station (Hole-in-the-Wall, Kelso Depot or Headquarters) or to any National Park Service (NPS) park ranger or CDFG officer encountered in the preserve. To make arrangements for pick-up, call 760 252-6100. Returned and reused collars save hundreds of dollars in new equipment and allow NPS researchers to complete the life history information for that animal.
----------------------	---	---

<b>Driving Reminders</b>	All vehicles operated in the Preserve must be street legal. Driving off established roadways is prohibited. The possession of an open container	of an alcoholic beverage in a vehicle is illegal. Driving a motor vehicle while intoxicated or under the influence is illegal.
